

AUDIT LEGAL & CONSULTING

BUILDING TOGETHER

Accounting Expertise – Tax and Strategic Advisory

Dear Sir or Madam,

With over **20 years of professional experience** in accounting firms, financial management, management control, and statutory auditing within the banking and insurance sectors,

the team at **Audit Legal & Consulting** places its expertise at the service of companies based in Paris, across French regions, and within cross-border organizations in Belgium, Luxembourg, and Switzerland.

We support business leaders in streamlining decision-making and managing risks encountered in the day-to-day steering of performance, ensuring the long-term sustainability of their activities.

Our Services

- Accounting Expertise

- Clear and accurate financial statements: balance sheets, income statements, and appendices, supported by a precise financial analysis.
- In-depth profitability diagnostics and access to key management data through a dedicated client portal using innovative tools.
- Cross-border mergers and related advisory support.

- Legal Audit

- Proportionate audit for SMEs and very small enterprises, and full audit in compliance with all professional auditing standards (NEP).
- Strengthening trust with partners and investors.

- Tax and Strategic Advisory

- Tailor-made tax support with full compliance with regulatory requirements.
- Development of strategies aligned with your business projects and growth objectives.

- ESG Advisory

- Support in implementing an ESG (Environmental, Social, and Governance) approach.
- Integration of environmental and social challenges to enhance long-term sustainability.
